THE DAILY EPITAPH IS

the only Daily Newspaper
published in Cochise county
that takes a regular
telegraphic press report
and does not use "bottle
plate."

In our telegraphic columns will be
found a synopsis of the Governor's
report to the Secretary of the Interior.
It is so badly jumbled up that but little
can be learned from it, and therefore
any comments on it at present
are out of place. We shall wait until
we see a printed copy, so that we can
tell what the Governor has said.

By private information we learn
that the present grand jury in Tucson
took a notion to indict the DAILY
EPITAPH for something or other. They
asked the Judge whether an article,
signed "Jeff Davis," was sufficient
ground on which to indict, when he
informed them that it was not. "Jeff
Davis" is a well known citizen, and
from the action of the jury he seems
to have known what he was talking
about when he said that the jury was
urged to indict certain parties first and
the evidence would be furnished after-
ward. Wish they had gone ahead and
indicted. Would like to visit Tucson,
now.

In another column will be found the
decision of Judge Barnes in the water
cases. The Judge has decided that a
milling and reduction company cannot
lay claim to and appropriate water
for irrigation purposes, which stops
the Boston company from using water
for that purpose. He also decides that
the people using the water from the
Babacomari do not interfere with those
below them on the San Pedro. In
fact, the decision is in favor of the
defendants. This decision allows the
farmers to resume the cultivation of
their lands.

A Dig in the Ribs

If on the right side and lower part of
the diaphragm, though playfully
meant and delivered, is calculated to
evoke profanity from a chappy whose
liver is out of order. When that re-
gion is sore and congested, pokes
seem fiendish. Look at a man's coun-
tenance are you prod him under the
ribs. If his skin and eyeballs have a
sallow tinge, you may infer also that
his tongue is furred, his breath apt to
be sour, that he has pains not only be-
neath his ribs, but also under the
right shoulderblade. Also, that his
bowels are irregular and his digestion
impaired. Instead of making a jocose
demonstration on his ribs, recommend
him to take, and steadily persist in
taking, Hostetter's Stomach Bitters,
the finest anti-bilious and alterative
medicine extant. Incomparable is it,
also, for dyspepsia, rheumatism, nerv-
ousness, kidney trouble, and fever and
ague.

I use you well, but ask no trust.

Notice to the Public.

Realizing the great benefits that
would accrue to our section of Arizona
if silver were restored to its proper
place in the monetary system of our
country, and recognizing the fact that
this can be accomplished only by con-
certed action on the part of the people
of the whole country, the undersigned
respectfully request the citizens of Co-
chise county to attend a meeting at
the county court house, in this city,
Friday, October 25th, at 7 p. m., for
the purpose of electing delegates to
the silver convention, which will meet
in St. Louis November 26, 1889.

reporting another case of yellow fever.

car this morning the car was hurled
60 feet. Sixteen persons were injured,
three of whom will probably die.

Foraker Sick.

aker rested quietly last night. How-

well known and highly respected. The
body was nearly nude. Examination
shows that she had been outraged. No
clue to the perpetrators.

Good for Milton.

FARGO, Dak., Oct. 21.—Two men
gained entrance to the postoffice at
midnight, bound and gagged night
clerk, Henry Milton, placed a red hot
poker on the soles of his feet and
compelled him to give up the combi-
nation to the vault door. In the vault
were forty or fifty registered packages.
While the burglars were opening the
safe Milton released himself, secured a
revolver and shot at the men. They
knocked him down and escaped, secur-
ing about \$1,300 in currency.

The Governor's Report.

WASHINGTON, Oct. 21.—Lewis Wolf-
ley, Governor of Arizona Territory,
to-day submitted his annual report to
the Secretary of the Interior. Con-
cerning the Mormons the Governor
says: "Arizona had a law disfranchis-
ing all who practiced, taught or en-
couraged polygamy. The first legis-
lative act signed by his late prede-
cessor was to repeal that act. I re-
quest and urge Congress to repeal the
repealing act and re-establish the
above Territorial laws. The Mormons
in this Territory number about 8,000.

The total taxable property \$26,576,
000. Total Territorial indebtedness
\$175,200. Total Territorial, county
and city indebtedness, \$2,902,910.

The Governor requests that Con-
gress be asked for the necessary
act allowing the issue of long time
bonds—say fifty year bonds. He says
he is assured these can be negotiated
at probably near 4 per cent, but cer-
tainly not to exceed 5 per cent.

Acres of land entries for the year
aggregate 500,796 acres, valued at
\$90,081. The Governor urges that the
Atlantic and Pacific railway lands be
surveyed, as a failure to do so with-
draws from settlement one-half their
belt of land, one hundred miles wide
by the full width of the Territory,
except the small portions now sur-
veyed.

The Governor says: Except the
shipment of ore, Arizona cannot be
said to have any exports, for the re-
ason that railroad rates are too high to
permit of it. He adds: We must
have two lines of north and south
railroads to connect with these east
and west transcontinental roads. These
two north and south roads should be
restricted to moderate rates.

Agriculture is in a fairly prosperous
condition. Stock raising is another
leading industry. Mining has had
a healthy growth during the last year.
The mineral products for the year
1888 are given as follows: Copper,
31,797,300 pounds; gold, \$850,000;
silver, \$560,000. With better railroad
facilities the Governor thinks the
mineral output would be greatly in-
creased.

The school system of Arizona Ter-
ritory, the Governor says, is excellent
and being liberally and fairly carried
out.
